Cross-Examine Gen. Collins On Charges Made

Tells Probers That Gen. MacArthur Violated Policy

By JAMES LEE
(U. S. Staff Correspondent)

WASHINGTON, May 26.—Gen. J. Lawton Collins faces more cross-examination by Senate Far East policy probes today that will include a new assault on his claim that Gen. MacArthur violated Pentagon policy by pushing his GI's to the Chinese border last November.

The army chief of staff is to be heard again today in a special session of the probe which the investigators hope will complete his appearances and clear the way for testimony Monday by the Air Force Chief of Staff Gen. Hoyt Vandenberg.

Rejected "Advice"

Collins tempered his surprise charge against MacArthur by telling the senators that while the ousted Far East commander was not disobedient, he rejected "advice" that his November offensive be halted five miles short of the Yalu river.

MacArthur, through his chief aide, Maj. Gen. Courtney Whitney, quickly retorted the statement with a flat assertion that basic orders sanctioned his use of American troops on the border.

Whitney quoted MacArthur as saying he was forced to alter the policy of non-use of American GI's when the South Korean troops who first reached the Yalu were "destroyed."

'Policy' at Stake

Collins first said that MacArthur violated a "directive" but later said it was a "policy" that was at stake.

Sen. Knowland (R) Calif., declared that Collins failed to prove a violation. Knowland put into the record MacArthur's reply to a message from Washington challenging the use of American troops at the border. Knowland told a reporter:

"When that was read it completely demolished any conception that Gen. MacArthur violated a directive."

MacArthur informed the joint (Continued on Page Eight)

Joseph Richeck Is Drowned As Boat Capsizes

Victim Of Mishap At Newport Resided Here; Mother Is Notified

Word has been received by Mr. and Mrs. Joseph Richeck, of R. D. 9, Shenango township, that the man drowned when the U. S. S. Bailey, a 50-foot Liberty boat capsized in a heavy sea at Newport, R. I., on May 24, was their son, Joseph Richeck, Jr., aged 20 years.

Richeck had been in the U. S. Navy for the past three and half years, having enlisted in November, 1947.

Ninety Aboard

The report issued by the U. S. Navy, on Thursday, stated that the boat had capsized when it took water over the bow in a heavy sea. There were 90 men aboard, and all but Richeck were rescued. The boat was enroute from the fleet landing dock, at Newport, to the U. S. S. Yellowstone, a destroyer tender.

The young man had only been married a month, his wife, Claire, residing at Cambridge, Mass. No word has been received by the family as to whether the body will be brought back here for burial, or will be buried in Massachusetts.

He attended Shenango high school before enlisting.

Besides his wife and parents, he leaves three brothers and two sisters, Norman, Chester, and Arlene Richeck, all at home, and Louis Richeck, Mrs. Pearl Shevitz, of New Castle.

Make-Believe A-Bomb Attack Made On Utica

By LEO W. O'BRIEN
(U. S. Staff Correspondent)

UTICA, N. Y., May 26.—A make-believe atom bomb attack was staged in the industrial heart of Utica today, touching off the largest American civil defense test of the atomic era.

Moments after the red alert revealed that simulated "enemy planes" were over this city of 106,000 residents, Fire Chief Barry alerted the county fire coordinator by radio, and 24 pieces of apparatus rolled swiftly to the city from all sections of Oneida county. Emergency police squads held traffic back on three main highways to give clear sailing to the firemen.

President Says Situation In Russia Is Fantastic

By ROBERT G. NIXON
(U. S. Staff Correspondent)

WASHINGTON, May 26.—President Truman declared last night that the ruthlessness of Stalin's secret police has made life in the Soviet Union a "fantastic" nightmare of fear and terrorism.

Mr. Truman, speaking at the dedication of the Carter Barron memorial amphitheater in Washington's Rock Creek park, said that the Russian ruler's policies are worse than the German and Italian dictatorships of Hitler and Mussolini.

The president told an audience of 5,000 that jammed the outdoor arena:

"Almost Fantastic. The situation in Russia is almost fantastic. Nobody there can go to bed without the fear that (Continued on Page Two)

New Contract Is Agreed Upon For Trainmen

By FELIX COTTEN
(U. S. Staff Correspondent)

WASHINGTON, May 26.—Labor observers today believe the new trainmen's contract paves the way for a general wage peace and end to army management of the nation's defense-vital railroads.

Both labor and management sources said the new contract agreed to last night, may set the pattern for settlement of other outstanding rail disputes.

Terms of the trainmen's agreement grant sizable wage increases to 150,000 employees, a 40-hour work week for yardmen, and a cost-of-living escalator provision.

Get Pay Increases

Roadmen will receive an 18.5 cent hourly pay hike and yardmen 33 cents. These increases include 12.5 cents to yardmen and five cents to roadmen awarded by the army last January and retroactive to October 1.

The army has been operating the major railroads under a Presidential seizure order issued last August. In event of a general agreement, some sources expected (Continued on Page Eight)

Empire State Building Sale In Progress

NEW YORK, May 26.—(INS)—The Empire State building, the world's highest structure and a mecca for tourists for 20 years, is passing into the control of a Detroit and Florida syndicate.

The deal, one of the most spectacular in New York's fabulous real estate history, is reported to provide for transfer of a controlling interest in the building for a price estimated at \$50,000,000.

An announcement said a contract has been signed and the deal is expected to be completed about the end of the year.

Speculate U.S. Makes Progress On New H-Bomb

WASHINGTON, May 26.—(INS)—An eleven word announcement by the atomic energy commission created serious speculation today that the U. S. is at least within reach of a workable hydrogen bomb.

The AEC in an announcement that a series of successful atomic explosions were conducted at Eniwetok Atoll in the Pacific, added this significant hint:

"The test program included experiments contributing to the thermonuclear weapons research."

There is no further explanation of "thermonuclear weapons," which means the hydrogen bomb. Whether the U. S. tested a gram of hydrogen or whether it solved the key problem of using an A-bomb as a "trigger" device to set off a hydrogen reaction was not made known.

However, the announcement said the hydrogen bomb research was successfully conducted in furtherance of President Truman's statement of Jan. 31, 1950 that the U. S. would develop the dread weapon.

Some scientists in Washington interpreted the terse announcement as meaning that a small quantity of hydrogen mixture was exploded by an atomic bomb.

It seemed to be the sense of the meeting that considerable study should be made of the survey and proposed plans before anything tangible is done.

The meeting was enlivened somewhat by the appearance of about a dozen parents who appeared to protest the action of the School Board in cancelling the Class Day exercises Friday morning.

Cancellation was decreed as a penalty for the painting of the school sidewalk.

Board members told the parents the action was an administrative one but promised to investigate the incident further.

Allied Columns Driving Ahead Into Red Korea

Great Numbers Of Chinese Prisoners Are Being Taken

By HOWARD HANDLEMAN
(Far Eastern Director, U. N. S.)

TOKYO, May 26.—Allied armored columns including at least three American units knifed across the 38th Parallel into Red Korea at several points today on the heels of demoralized Communist troops.

The Communists, fleeing in their worst rout of the Korean War, were pounded by Allied war planes and increasing numbers of them were surrendering without a fight to advancing United Nations ground forces.

U. S. marines on the central front were reported to have captured many Chinese Communists but there was no official estimate of the total.

Taking Many Prisoners

One American officer said: "We are now taking more prisoners than ever."

On the east-central front it was officially announced that an Allied task force reached the town of Inje four miles north of Parallel 38, confirming earlier front dispatches.

On the east coast South Korean troops re-entered the town of Yangyang three miles above the arbitrary border between North and South Korea.

Reds were fleeing north in most front sectors but in the area in which the marines were advancing one officer said two Chinese Army corps—totaling possibly 68,000—were still capable of counterattacking. He said these corps had been held out of the Red offensive which bogged down last Wednesday.

Gen. Ridgway Says Reds May Make Air Raids

FLUSHING MEADOW, N. Y., May 26.—(INS)—Gen. Matthew Ridgway reported to the United Nations today there are "continuing indications" the Communists may unleash an air offensive against U. N. forces in Korea.

In the 20th Supreme Commander's report to U. N., Ridgway declared Communist airfields in Manchuria are being kept under constant surveillance.

He stressed, however, there are "no means of preventing the enemy from launching attacks from Manchurian bases if he elects to do so."

Ridgway's reference to the "privileged sanctuary" north of the Yalu river recalled earlier forecast that Mao Tse-Tung's use of air power in strong numbers against U. N. troops would result in retaliatory pursuits into Manchuria and possible bombing of Manchurian air bases.

Danger We Face

Mr. Truman said that "is the kind of danger we are facing."

"This is what we are up against. It is our business, and our duty, to keep this thing from spreading. The president added:

"If we are to preserve freedom in the world, we must act together with the other nations that share our faith. We must try to create world peace under law. We must have a world-wide organization of nations that will put a stop to war and settle disputes peacefully."

World peace, he said, has been the constant aim of U. S. policy and "is what we are fighting for in Korea."

The president said that "our men and boys are fighting in Korea, struggling and dying, to save us from the horrors of a third world war. They are fighting to make a world organization that will prevent war in the future."

Mr. Truman again asked for an end to "petty political bickering" at home and a solid front in foreign policy "to see that they (U. S. combat soldiers) do not fight and die in vain."

Pa Newc is reminded that one familiar face will be missed today among those who are selling peoples in the downtown district. Mrs. Rebecca Strong, aged 82, who for 12 years sold poppies in front of the old city building, has been ill for the past two months and has had to give way to the younger women who will make the sales.

More than 11 feet of the road on Route 18 has sunken away since the fill was made during the past week it is reported to Pa Newc. Workmen have delayed their work until next week to see if the road will drop further. If the shifting stops the workmen will proceed to fill in the gap in order that the road might be reopened to traffic.

Pa Newc was down looking over the road sinking phenomenon on Route 18, near the Piedmont Farm. Since the new shift in the earth there, Pa Newc has noticed minor cracks opening in the pavement some little distance from the present sink. The new cracks are close to the Piedmont Farm.

ECONOMY DRIVE FALTERING

The much-discussed economy drive in Congress is limping along and shows no sign of producing anything like the five to seven billion dollar reductions demanded by its advocates.

So far, Congress has cut \$835,500,000 from the president's budget for the 1952 fiscal year which begins July 1. In doing so, it has acted on almost \$25,000,000,000 in funds.

The president asked for \$94,000,000,000 in new money for the new year, but more than \$60,000,000,000 of this represents funds for the military which Congress will be loathe to cut.

That does not leave too much more to work with and Congress is finding that it is a good deal easier to talk about cutting expenditures five to seven billion dollars than actually doing it.

REVOLT OF CONSCIENCE

Packing the emergency agencies with deserving Democrats has at last produced a revolt of conscience—the first in Washington in many long years.

M. E. Thompson, former governor of Georgia, was invited by President Truman to be regional director for the Office of Price Stabilization in Atlanta. When he got to Washington his assignment was switched. He was made co-director for all field offices. By appointing co-directors, OPS created two jobs for every office.

In his resignation, Governor Thompson said: "For 12 weeks I have been carried on the payroll as a consultant at a salary, plus expense account, of \$53.48 per day. Yet, during this time, I have been consulted about nothing. I have no assignment to do anything."

"On February 19, at the White House, I told the president the story up until then. He called Don Dawson and instructed him to see that the mess was straightened out. It hasn't been done."

Thompson's resignation was dated April 10, 1951. Too bad Truman could not have become indignant enough about the OPS patronage scandal to fire somebody in the middle of the night, as in the case of General MacArthur!

Governor Thompson concluded his resignation on this stirring note: "Under the circumstances, I refuse to accept the salary and expense money from the taxpayers, when I am rendering no public service. I am returning to my home in Valdosta, Ga."

FEDERAL TAX WRITING AT WORST

Decision of the House Ways and Means Committee to slap on a whopping 12½ per cent across-the-board increase in individual income taxes is a sample of federal taxwriting at its worst.

Millions of Americans will be affected heavily by this tax, at a time when inflation is already making it hard for them to buy necessities. Thousands of corporations will be hit by the extra boost in excess profits taxes also voted by the committee.

But the Ways and Means group did more than simply deny the public access to their meetings, and thus an opportunity to find out what justification, if any, there is for this method of raising revenue. The Democratic members held a caucus—a secret meeting within a secret meeting—and it was at this session that the big boosts were decided upon. When the plan was presented to the full committee, it was opposed by all the Republican members, but the Democratic majority railroaded it through.

There is little question that the federal government needs additional revenue to meet the huge costs of its rearmament program. Few have argued that essential defense measures ought to be paid for by the discredited method of deficit financing.

But there is plenty of doubt about the wisdom of the taxes to be thrust upon us by 15 congressmen who happen to be members of the Ways and Means Committee. The 12½ per cent across-the-board formula adds greatly to the burdens of everyone now paying income taxes, and in some brackets approaches the point of confiscation. It does nothing to reach those who pay no federal income taxes, although it is generally agreed that everyone should pay something for the support of government, no matter how little.

This business of taxation by secret caucus is made all the worse by the traditional treatment of tax matters by the House of Representatives. The Ways and Means Committee whips up a tax bill in a series of closed sessions, and then offers it to the whole House on a take-it-or-leave-it basis. The House either accepts a bill as it stands, or votes for no tax bill at all.

With this latest boost in income taxes, the patch-work character of the proposed revenue bill becomes more pronounced than ever. If the House refuses to order its Ways and Means Committee to write a sensible tax bill, the Senate should reject the present measure and write one of its own.

Try And Stop Me

By BENNETT CREE

Lillian Russell, when she was reigning star of the musical-comedy stage, was guest of honor at a banquet in London's Savoy hotel. At her left was an honest-to-goodness Rhodesian chief, who soon gave evidence of having succumbed to Miss Russell's charms. At the banquet's end he bowed almost to the floor and in the best, clipped, Oxfordian accent exclaimed: "Miss Russell, had Heaven

only made you black and fat, you would be irresistible."

On its way to the Kentucky Derby by a spirited horse neighed to his companion, "I'm mighty tired of hearing how such and such a horse won a big race by a nose. If I find myself reaching the finish line at Churchill Downs on Saturday, I'm going to turn around and BACK ACROSS."

In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

Mediterranean Defenses Factor

Organization of Mediterranean defenses for the western democracies is assuming ever higher proportion in world affairs today with intensification of the oil dispute between Great Britain and Iran.

Military and naval experts of Great Britain, the United States, France and Italy are meeting at Valetta on the island of Malta to plan future strategy.

Their talks are being held against a background of extensive maneuvers mapped for the fleets of all four nations. Soviet propagandists have charged—without much effect—that these exercises formed a preliminary to contemplated allied naval and air attacks on Russian Black sea ports.

The Iranian government has given impetus to Mediterranean defense plans by its flat refusal to negotiate in nationalization of oil on Britain's terms for British refining and transport of the Iranian oil output.

Every European chancellor, and the state department in Washington, is seriously concerned lest any outright move by Britain to protect her citizens and investments in Persia should prompt the Iranians to invoke a 30-year-old mutual assistance pact with Soviet Russia.

Main Timberbox
Iranian government leaders have been loud in proclaiming their country as the main timberbox of a third world war.

The intimation given in Tehran is that if Britain does not attempt any outright intervention, the socialized oil fields will be worked by Iranian labor with the help of neutral experts, identified in London newspapers as Swiss engineers.

But the latest dispatch from Iran's capital has again assumed a somewhat hysterical tone, with officials saying that the country will even take the penalty of decreased production rather than have any dealings with the British.

Angry With U. S. Also
It is now clear that Iran is angry not only with Britain but with the United States as well. The apparent ground is that Iran feels neglected in her defenses in the democratic anti-communist picture because so much has been sent to Greece and Turkey in financial grants and military aids.

A second factor is the opposition on the part of Scandinavian nations to inclusion of Greece and

Turkey in the North Atlantic defense organization. These countries feel that they have risked possible safety of neutrality—or "neutrality" which is a more popular word in Europe today—to throw their potential strength in with that of the western world.

Third Angle
A third angle is Egypt's announced determination to cancel her treaty with Britain that provides for British troops to be stationed at Alexandria and Suez and calls for joint control of the Sudan.

This aspect may assume more dangerous proportions if reports are borne out that a self-contained British parachute division which has been alerted at Aldershot may be sent to the canal zone area.

The explanation put forth unofficially is that these forces would be within easy reaching distance by air of the Abadan oil field area of Iran.

But no answer has been given to an inevitable question—how would Egypt, determined to rid herself of the British troops she now has, react to this considerable military reinforcement of 7,500 well-trained paratroopers?

The meeting at Malta is expected to consider immediate questions first.

On top of the list, of course, is what possible emergencies must be provided for in view of the Iranian situation.

Close behind is the proposal that a separate Mediterranean treaty should be formed to work in cooperation with the general military grouping but constituted to watch out for "special interests" in the middle east, under command of a French admiral.

Diplomatic advisers emphasize, however, that what might be "special interests" today could become world-wide interests tomorrow.

They Say
WASHINGTON—President Truman: "We would probably go back to the dark ages if we have a third world war."

SAN FRANCISCO—Marine Brig. Gen. Lewis (Chesty) Puller: "What the American people want to do is fight a war without getting hurt. You can't do that any more than you can go into a barroom fight without getting hurt."

FORMOSA—Madame Chiang Kai-shek: "Our people on the Chinese mainland now realize they have been fooled by communist propaganda because they are now feeling the actual effects of the mass murders and other cruelties and injustices practiced by the communists."

NEW YORK—Designer Lilly Dache: "Women will have to keep their chins up to see out from under the brims of their autumn hats. The brims will jut forward like king-sized visors."

From Me To You

By MESECALL

There are a lot of people in this old world today . . . and a good many of them have from time to time attempted to tell the rest of us just what is wrong with the world and the people who live in it. . . . sometimes the things they say take many pages of type . . . sometimes they print complete books on the subject . . . by a group who attempts to tell the "little man" what to do . . . how hard up he is . . . and what he should demand from his neighbors. But the majority of the "small men" continue to buy Life, The Post and such publications . . . leaving the publications such as The Masses, Freeman and Mirror to struggle along . . . how they do it, only the editors know and when they fall by the wayside there is always another to take his place. Per haps these men who write on these struggling papers are convinced that they have all the answers to the problems of the "frustrated little man" . . . but the "little man" is not impressed . . . These writers seem to have the same urge that the men who stand on soap boxes and speak in Hyde Park and Union Square.

But with all these words . . . there should be one word that could take their place . . . and this one that we are about to introduce to you might just be that word. ETHNOCENTRISM . . . now we had never seen it before . . . so upon looking it up in the proper dictionary . . . Random House . . . we find that it is defined as one's own group and culture accompanied by a feeling of contempt for other groups and cultures.

There you have in a single word . . . the tragedy of the human race . . . my personal tragedy as well as yours . . . my father can lick your father . . . my religion is better than your religion and phoney on your religion . . . my kindergarten is better than your kindergarten . . . my college is better than your college and shut up or I'll smash your luggage mister.

"THE CORKSCREW MURDER CASE"

Washington Calling

(By MARQUIS CHILDS)

Some Steps Possible On Iran Issue

WASHINGTON, May 26—While it may be too late to do anything but sit and watch while Iran slithers toward the brink of destruction there are steps which might still be taken. That is the view of the political-diplomatic machinery in the foreign field is not geared to swift changes in line with swiftly altering situations, then the machine itself had better be revised.

3. American oil firms with contractual arrangements to take oil from the Bahrain islands in the Persian gulf should voluntarily come forward to better that arrangement. Repudiating an ancient deal with Britain under which an independent sheikdom was set up on these islands, Iran lays claim to them. During the current crisis the fanatical mobs in the streets of Teheran have a cry for restoration of the islands.

Are On Royalty Basis
American contracts with the Bahrain sheikdom are on a royalty basis. If the American firms were to offer a revision possibly along the line of the 50-50 contract which an American company negotiated with Saudi Arabia last December, such a demonstration would be likely to impress Iran of America's good will. A British agent resident in the Bahrain islands has a great deal to do with the governing of the sheikdom.

All this may sound visionary, wild eyed, harebrained, anything else you want to call it. But the area of choice left to the west has been narrowed close to zero. It is a question of trying almost anything before it is too late.

Those who know Iran believe that to send in troops would precipitate such violence and disorder that the flow of oil would certainly be cut off. If the world's largest oil refinery at Abadan were to be seriously damaged or destroyed, it would be anyone's guess how quickly oil could be started flowing again.

General Bradley told the Senators that Iran was one of the danger points in relation to Soviet Russia. But just as in Korea, the Russians do not have to fire a single Russian rifle, they can stay in the background and watch Britain and the United States drift nearer and nearer the brink of Niagara, huddled together in the same rickety canoe.

The feeling of unhappiness, of being left out, was accentuated when the State Department let it be known that the United States would work to bring Greece and Turkey into the North Atlantic treaty organization. This seemed not merely to exclude Iran, but to distort the framework of NATO out of all resemblance to a regional pact for mutual self defense.

Call For Quick Shift
The urgent demand for the moment call for a quick shift in the diplomatic approach. This might take the form of a Middle East alliance with Turkey, Greece, Iran and perhaps Iraq joining the United States and possibly Great Britain in a pact that would stress the mutual interests and the need for mutual security of these powers.

This would require a radical revision of policy and diplomacy. He carried a grudge and the weight of it grew.

He vowed he'd get even for one blow, with two.

"It may take me years," in ill-temper he said.

"But I'll look for revenge till the day I am dead."

"I'll never be happy till that debt is paid!"

And that was the truest of statements he'd made, For the grudge that he carried so weighed on his mind That peace and contentment grew harder to find.

But, fancied or real, it had brightened his lot. Had the wrong he complained of been promptly forgot, All have burdens to carry as forward we trudge, But there's nothing so heavy to bear as a grudge.

SCHOLARS AND STUDENTS
Some people that a scholar is some one who goes to school. Others say that a scholar is an educated person. Both sides say that a student is some one who studies.

It seems to be a good idea for a young person to go to school. An education may be acquired outside of school but it is a very hard job and it is very exceptional student who can do it.

Many a man has made a success in this good land without even the three R's but he was handicapped. He knew it better than anyone else too.

Every boy and girl should try to get all of the schooling possible. He will be better in both body and mind.

Ever Happen To You?

By PAUL GALLICO

How is your luck when it comes to standing in line waiting to buy a railroad ticket, or cash a check, or get your passport stamped? Mine is invariably bad, and I am wondering whether there is conspiracy involved. I mean I just want to know whether it happens to other people, or if there is a little man who lies in wait until someone flashes him a signal, "Here comes Gallico!" whereupon he rushes to the window and begins the presentation of his problem, the solving of which is assured of tying up the line for the next half hour.

Encounters Two Of Them
I would almost be convinced that this was the case if I hadn't encountered two of them within six feet of each other a little time, just for the purpose of harassing me. All I wanted was a round-trip ticket to Hartford, Conn., one of the simplest transactions in railroad business. It took me twenty minutes to contact the ticket seller, by which time the chairs were sold out and I almost missed my train. Was there a long line? Not at all. Two windows were selling and there was only one guy at each window.

So I took up my position behind the nearest one. Was he buying something simple like a one-way ticket to Stamford, or a round-trip passbook to Bridgeport? Oh, no. He had documents, a special order, coupons, discount cards. The man behind the counter was up to his ears in paper work, filling out forms, looking up obscure rulings and regulations, copying out everything in triplicate. This I was used to, for is my luck. He was good for thirty-five minutes easily.

My Regular Little Man
This was obviously my regular little man. When I go to the bank to cash a five dollar check, he is there in line ahead of me carrying a foreign money order for 1,987.43 Zakouskas on which the signature is both illegible and dubious, and anyway, the foreign government has just issued an order calling in all Zakouskas and issuing Gazinkas instead. 392.67-3/4 Gazinkas to the dollar. When I am queued up to get my passport stamped so I can get aboard the boat before she sails, the same little fellow is there just ahead of me, only now it turns out that he is a citizen of Honduras who however recently acquired Nicaraguan nationality through marriage to a Turkish lady who has become a naturalized Nicaraguan due to the fact that her first husband, a native-born Estonian, fled the country and was supplied with false papers through the kind offices of the Sylvania Consul to Liberia. His passport having expired, it was picked up in Portugal, but he is equipped with a briefcase full of documents attesting to his identity.

Popped Behind Second Guy
Well, so I got away from this first guy, jumped the line and popped behind the second guy, who, by the law of averages, could be after nothing more complicated than a ride to New Rochelle. Not he. He was involved in purchasing documents for a trip to somewhere that brought on the business of the vanishing ticket seller.

Have you encountered him? Or that? You know, the guy has his telephone there and his ticket racks, and his drawers full of forms and schedules and timetables and regulations and his books of same. But this passenger wants to go somewhere which causes the ticket seller to disappear backstage for long intervals leaving the window quite blank of his person, and each time he returns he looks more baffled and defeated.

You would think there wasn't any place to go on the New York, New Haven and Hartford that could so throw a man and gum up the machinery, but the man ahead of me found it all right. The ticket seller searched his racks. He looked things up in books. He talked in a muted despairing voice into his telephone (when he could get any one at the other end to answer it), and the upshot was that he shook his head and disappeared again into that mysterious jungle that appears to exist behind all ticket windows. He may have gone to enlist aid; he may have gone out for a short beer; he may have been just tired and was lying down on a couch back there somewhere, with his eyes closed. But in the meantime tempus fugit, and I was no nearer getting what I needed to board that train.

Finally, after a month or so, he came back and completed the transactions. It then developed that the man ahead of me wanted to pay by check. And of course thereupon he automatically turned into the fellow with the money order for the 1,987.43 Zakouskas, and when the ticket seller asked him for some identification, THAT immediately turned him into the man from Honduras, who, however recently acquired Nica. . . . Yes, yes, I remember. We've been over all that before.

Does this happen to everybody? Or just me?

Looking At Life

By ERICH BRANDEIS

It has become quite the fashion for "reformed" crooks, communists, and other formerly bad boys and girls to make a business of their reformation.

They go around the country making speeches and delivering lectures telling others how they did it and patting themselves on the back, proud of their new-found sense of duty and willpower.

Sometimes admission is charged for these lectures. Sometimes there is a collection. But usually money is involved somehow. Most of the time this reform thing is just bunk.

God loves a repentant sinner. That we have heard told long ago, and I believe it to be true.

But God does not love a brag-gart or someone who makes a business out of having ostensibly turned his face to God.

Repentance means being ashamed of one's past misdeeds or shortcomings. Flaunting them, bragging about one's virtue in overcoming them, making money out of that "reformation" is not really reform at all but commercially sham-reform.

Just the other day a "reformed" dope-addict got himself a whole column in a New York newspaper about visiting a jail and telling a lot of women prisoners who were serving time for dope-addiction how he "conquered himself" and how they could do it.

According to the paper, he talked to them in the "jargon" of the underworld which they understood.

He told them how he turned to God and how God helped him. There is also a money-raising scheme connected with this fellow's talks—for some campaign that is supposed to cure these addicts.

I don't say that this ex-dope-addict-lecturer is dishonest. The cause in itself may be good. But

He wants us to consider our PERSONAL God—our helper and friend "nearest at hand when the worst has to be encountered."

All I expect from a friend is to STAND BY ME when I need him. I want his moral support and his approval. That is the greatest help he can give me.

But I do NOT ask my friend to DO the things for me that I should do myself.

All I have the right to ask of God is that, through His wonderful teachings, He give me the strength to do what I OUGHT to do.

And I always ASK Him and THANK Him in PRIVATE.

ESTHER PONZI WEDS JOSEPH A. MACRI, JR.

Wearing an exclusively fashioned wedding creation of ice pink Skinner's satin and Chantilly lace, Miss Esther Marie Ponzi became the bride of Joseph Anthony Macri, Jr., at a beautiful spring ceremony performed this morning at 8 o'clock in St. Vitus church.

The bride is the daughter of Mr. and Mrs. Louis Iacobucci, 513 Galbreath avenue. The groom's parents are Mr. and Mrs. Joseph A. Macri of Box 125, West Pittsburg.

Rev. Fr. Nicholas DeMita solemnized the double ring service. The bride presented a bouquet of flowers to the statue of the Blessed Virgin Mary and in return Father DeMita gave her a statue of the Blessed Virgin Mary. Joseph Anthony Macri, nephew of the groom, served as altar boy.

The lovely brunette bride was given in marriage by her foster father, Mr. Iacobucci. Her gown was designed with a moulded bodice with pointed collar and buttons to the waist. A yoke of Chantilly lace, embellished with seed pearls and rhinestones, was a fashion note of the bodice. Long sleeves tapered to points at the wrist and the very full skirt, trimmed with Chantilly lace, extended into a graceful cathedral train.

The bride's fingertip veil of French imported illusion was fastened to a coronet of apple blossoms. She carried a white satin Bible surmounted with two white orchids and showered with Stephanotis. The custom of "something old, new, borrowed and blue" was followed, with the "something old" being a pair of diamond earrings, an heirloom belonging to the bride's mother and grandmother.

Miss Marjorie Melanson of Youngstown, O., served the bride as maid of honor, dressed in orchid organza over orchid taffeta, with a crescent bouquet of yellow roses with variegated ivy as the harmonious accent.

Bridesmaids were Mrs. Anthony Marino, sister of the bride, Miss Mary Christy, Boyers, Pa., Miss Virginia Borelli, McKeesport, and Miss Teresa Romeo, New Castle.

The first two bridesmaids were in yellow organza over yellow taffeta and the latter two in lime green organza over lime green taffeta. They all carried crescent bouquets of tulle and roses with variegated ivy to complement their gowns which were fashioned alike with full skirts, high neckline with mandarin collar, and long sleeves.

The junior bridesmaids, Miss Madalynne Fabian and Miss Gloria McFarland, cousin of the bride, were in orchid and yellow gowns respectively and had miniature crescent bouquets of yellow roses.

Virgil Doyno served the groom as best man and seating the guests were Sam and Pete Ponzi, brothers of the bride; Vincent Macri, brother of the groom; Paul Trevelline, Warren, O., cousin of the bride; Joseph John Macri, nephew of the groom, served as ringbearer.

Following the ceremony 100 guests were served breakfast and later dinner was served to the same number of guests at the Slovak hall, Moravia street. A reception will be held this evening for 500 guests at the same hall, with a local orchestra providing the music for dancing.

Mr. and Mrs. Macri will leave for a wedding trip to New York and Canada and will return to their newly furnished apartment at 511 West Clayton street.

Mrs. Macri is a graduate of the New Castle high school with the June class of 1946 and attended Youngstown City Hospital S. S. Unit for X-Ray training. She is employed in the office of Dr. A. Acquaviva as an X-Ray technician.

The groom attended the local high school and served three years with the U. S. Army in World War II, with 21 months overseas duty.

Since the announcement of the wedding there have been numerous showers held for the bride by her friends from the Jameson Memorial hospital.

No Class Day Program To Be Presented

No class day exercises will be held this year by the graduating class of the senior high school. The suggestion that it be held Monday morning has been abandoned.

Late Friday afternoon Principal Clare B. Book said the cancellation made earlier in the day stood. On Friday night members of the class said also the exercises would not be held. Part of the Class Day program was given at a party held at the home of Mr. and Mrs. Frank Christopher of Neshannock Township Friday night.

The program was cancelled by Principal Book when it was discovered Friday morning that the sidewalk in front of the high school had been painted with the numerals "51".

Previously the school board said that stern measures would be taken if any vandalism occurred this year. The cancellation was not a board order, however, as the members considered the conduct of the school an administrative matter.

Earl R. Wimer Is Candidate

Seeks Nomination For Clerk Of Courts And Prothonotary

EARL R. WIMER

To the Voters of Lawrence County: I have been a life-long resident of Lawrence County and ever since leaving High School have been engaged in office work. The last three and one half years I have been unemployed.

I have had many years experience in general accounting, auditing, tax accounting, public accounting, filing and preservation of records and the handling of large sums of money for others.

It was my privilege to serve you as County Treasurer during the years 1940-1943 inclusive, during which administration I handled approximately seven million dollars of the taxpayers money without default. I like to refer the people of our county to the courteous and efficient service I rendered them as County Treasurer because this is the only public office I have ever held in which it was my privilege and responsibility to, INDIVIDUALLY, set and control the policies of office.

Twenty years of my life have been spent in the capacity of Office Manager during which period I have had complete supervision over as many as thirty-five accountants.

In this article I do not want to appear boastful. I am not trying to project myself as another Indispensable Man; there are no doubt many others in this county qualified to perform the duties of this office. My only purpose in citing my past experience is to show the voters that I have had the necessary training and qualification to enable me to perform the duties of Prothonotary and Clerk of Courts in an efficient, expeditious, and courteous manner.

The public does not have as much personal contact with this office as they do with some others, such as the office of County Treasurer, most of their contacts being made through their attorney.

If I am nominated and elected to the office of Prothonotary and Clerk of Courts all persons having business with the office will be received with courtesy and served efficiently. Their attorneys will be given all personal assistance possible and the employees of the office will receive courteous and equitable supervision.

I solicit the votes and the support of all Republican voters at the Republican Primaries, July 24th, 1951.

EARL R. WIMER.

chiefs that his original instructions indicated they were not to be considered final "since they might require modification in accordance with developments." The general added that the entire matter had been discussed at Wake Island.

'Not in Sympathy'

Sen. Gillette (D) Iowa, declared there is "nothing in the evidence to show that MacArthur refused to comply but there is ample evidence to show that MacArthur was not in sympathy with the policy (of Washington) and was reluctant to carry it out."

Gillette said it "is essential to have someone implement policy who is wholeheartedly in sympathy with it."

Knowland declared that Collins' appraisal of MacArthur's military ability "underscores the fact it was a very tragic thing for our country that the general was dismissed in such a summary fashion by the president."

This was a reference to testimony by Collins that MacArthur is one of the most brilliant military leaders this country has ever produced.

Sen. Smith (R) N.J., said he has heard no testimony to "justify" MacArthur's abrupt removal.

Against Bombing Manchuria
WASHINGTON, May 26.—(INS)—Gen. J. Lawton Collins testified today that "both" the State and Defense departments decided against bombing Red bases in Manchuria after the joint chiefs of staff "specifically considered" the action urged by Gen. MacArthur.

The Army chief told senators investigating MacArthur's dismissal that the deposed commander never asked "specific authority" to hit the Manchurian "sanctuary," Collins added, however:

"In all frankness and honesty, in my judgment he clearly indicated that he thought it ought to be done."

Cross-examination of Collins on his testimony that MacArthur violated military policy by sending U.S. troops to the Manchurian border area was sidetracked while senators sought clarification of the bombing issue.

The Army commander was pressed by Sen. Wiley (R) Wis., to tell whether the decision not to bomb Chinese territory was made "by you people or the State department." The general replied:

"It was not only a political decision by any manner of means. To me, there were good valid reasons for not wishing to."

He said the decision resulted from the judgment of both State and Defense departments. Collins then emphasized that "it was not the State department alone."

The general said MacArthur on November 6 warned that Chinese Communist troops were swarming across the Yalu river into North Korea, and on November 7 complained about the Red "sanctuary" in Manchuria.

MAKE-BELIEVE A-BOMB ATTACK ON UTICA

(Continued from Page One)

cars blocking streets near the make believe "smoking ruins" of the Oneida knitting plants.

Scoury For Shelter
Calls went out for more fire apparatus throughout Oneida county as thousands of the county's 220,000 residents scurried for shelter.

Many who failed to take cover were described by Col. Lawrence Wilkinson, state director of civil defense, as "the living dead."

"If this was the real thing," he said, "those who dallied to look at the 'show' would be paying with their lives for their curiosity."

One minute after the "all clear" signal released Uticans from their brief "freeze," smoke rose high in the air from a "demolished" knitting plant and equipment was pushed from Herkimer, Oswego, Oswego, and Madison counties.

A third alarm, routed through the state dispatcher at Albany, brought 23 pieces of apparatus from Jefferson county 100 miles away.

ALLIED COLUMNS DRIVING AHEAD INTO RED KOREA

(Continued from Page One)

a Saturday evening communique that the third American task force to cross the political boundary punched to within six miles of Hwachon, a once important Communist base seven miles north of Parallel 38 on the central front.

The official bulletin also reported that enemy resistance was eliminated on the vital Hongsong-Inje road on the east-central front.

Republic of Korea (ROK) troops advanced almost two miles on the extreme eastern front against light resistance. On the western front the American First Cavalry Division made undisclosed advances against similarly light opposition.

Planes Pound Fleeing Reds
Allied war planes pounded the Communists anew as they fled north taking heavy casualties in their precipitous flight.

Fifth Air Force Headquarters announced that in the week ending Saturday its planes inflicted 7,000 casualties on enemy troops. This was added to previous estimates of 155,000 enemy soldiers killed, wounded or captured since the start of the Red spring offensive five weeks ago.

Earlier front reports said another reinforced tank-infantry force—the Second American unit to cross into North Korea—had linked up with UN forces pouring into the Soyang river bridgehead to the east.

The triple punch slammed shut

the three main escape routes to the north for remnants of the demoralized Chinese forces remaining in eastern North Korea.

Many Chinese Dead
Unconfirmed reports said American tanks in the east-central sector patrolled into the road hub of Inje, four miles north of the 38th Parallel.

Front dispatches said numerous Communist dead were found by the advancing Americans.

One GI was quoted as saying: "You just fire artillery and mortars into the hills and then climb up them. The Chinese just take off and there are so many dead on the hills you have to be careful not to step on them."

Behind the UN spearheads were other forces striving to block secondary routes and trails into North Korea. But the main objective of the Allied "all-out offensive" was to force the Reds to abandon their equipment and make their way north, if at all, along mountain footpaths in small bands.

Concert Given By School Band

Benjamin Franklin Junior High school students presented a band concert of more than usual interest in an assembly program at Franklin school Wednesday afternoon.

Headlining the program were Roger DeLillo, student conductor, and Veronica Russo, drum major, twirling a lighted baton.

The band, under the instruction of John Paton, played favorite numbers of everyone: "Carnival of Roses," "Westward Ho," "In Melody Land," "Deep Purple," "American Patrol" and "Dry Bones."

NEW CONTRACT FOR TRAINMEN

(Continued from Page One)

President Truman would return the carriers to the owners within the next few weeks.

Some observers questioned whether the wage stabilization board will have to approve the pay raises which are based on an agreement reached by the disputants at the White House last December 21.

Both parties, however, contended the board would take favorable action in event consideration is necessary. The board allowed a 14 percent pay hike for packinghouse workers last week.

Carrier officials estimated that the agreement will cost 97 million dollars a year. The railroads have asked the Interstate Commerce Commission for a 15 percent freight rate increase.

Lamoree Speaks To Fathers-Sons

Fathers and sons of Epworth Methodist church enjoyed a good dinner and heard an excellent address Friday night when the annual Fathers and Sons dinner was held.

Judge John G. Lamoree was the principal speaker and spoke on the relationship of a father and son. "The relationship between fathers and sons is the strong vertebrae in the back of America," said Judge Lamoree. "It is the strength of the father passing on to the sons that makes this nation great," he said.

J. Fred Clarke, Toastmaster

J. Fred Clarke was the toastmaster of the dinner and handled his post well. He introduced County Commissioner Joseph F. Travers who spoke on the Big-Little League. He told how the idea originated and what was being done here to develop the idea of a league for 8-12 year old boys.

Joseph Walters gave the toast from the fathers to the sons and his son Arthur gave the toast from the sons to the fathers. Following the program Henry Hamilton and C. W. Robinson showed pictures of their recent trip over the Alcan highway in Alaska and also a reel of deep sea fishing pictures.

The dinner was sponsored by the Men's Bible Class and was attended by about 75. It was an evening of fine fellowship between the dads and the sons.

Seventh Ward May-Day Event Of Ward School

Health Education Teachers Program

On Friday afternoon there was a large attendance of parents and friends at the May-Day Festival of Mahoning school on their playground.

The occasion was under the sponsorship of the Health and Education department, headed by teachers Miss Helen McQueen, Mrs. Henry Conrad, Rees Flannery, head of City Recreation board, and Principal Fred Y. McLure. The Health Education teachers desire to thank all those who helped to make this festival a success.

Item No. 1 was a Circle Relay Race by children of the first grade which brought much excitement from the spectators as the pupils romped around the circle. In item No. 2, the singing game, "The Swing," by second grade classes, was quite interesting. No. 3, the May Pole dance accompanied by the band, put on by the third graders, as always, pleased the audience, and was well done. No. 4, the fourth and fifth grade pupils gave the square dance in good style to the accompaniment of a record player, which was much enjoyed. The fifth item by the sixth grade girls in blue attire was a flag drill, well done and drew applause.

The baton drill, by fourth grade, was directed by Miss Edith Finlin, also won much applause. No. 7 was the wand drill and interesting to witness, and was a series of tumbling by Junior High boys, accompanied by the drum, showed much skill, and brought forth cheers and applause from the folks present. In the ninth presentation the seven senior majorettes were very pleasing, and delighted the audience, and in the tenth number the cheerleaders had a fine reception.

The Mahoning Junior High band, some of the instruments almost as big as the players, did a splendid job in the program accompanied, directed by Mrs. Gwladys Pollard.

Memorial Day Committee Will Meet Monday Eve

Final checkup of all phases of the Memorial Day celebration will take place at a meeting of the general committee, of which Earl C. Moffatt is chairman, at 9:15 p.m., Monday, in the Legion Home. This year's celebration will be a little different than that of preceding years. It will take place Wednesday afternoon, starting at 2 o'clock at the veterans memorial at the Court House, and there will be no parade to the Greenwood cemetery as in past years. Instead, a memorial plot will be laid out in back of the war memorial shaft, and exercises honoring the dead of all wars will take place at this point. Immediately following the conclusion of the exercises there, the participants will form a line of

March, and go to the North street bridge, where the ritualistic services of the Ladies of the G.A.R. for those who lost their lives at sea, will be carried out and the ladies will strew flowers on the waters of the Neshannock.

Class Members Entertained Friday Night

It takes lights and music, and a mellow moon and stars, and youth on a balmy May night to make a party.

And the ingredients were all on hand Friday night when Mr. and Mrs. Frank Christofor entertained about 200 members of the 1951 Senior High school graduating class at their home in Neshannock township.

The guests gathered at the Christofor home after the class dance was over in Youngstown. From midnight until four they enjoyed dancing on the patio, a floor show and part of what would have been the Class Day exercises which were cancelled earlier in the day.

Peter Rosenberger read the class history and Daniel Nixon read the class will. David Lewis was the master of ceremonies. A "ghost walk" featured the evening's program.

Aiding in chaperoning the party were a number of parents, Mr. and Mrs. Norman P. Nelson, of the senior high school faculty, and Miss Dorothy Young, class supervisor.

A breakfast closed the program.

Ellwood City School Dramatics Club Has Program-Ceremony

(Special To The News)

ELLWOOD CITY, May 26.—An impressive initiation and installation service was held this week in the Lincoln high school auditorium by the Senior Dramatic club.

Parents and friends of the students witnessed the program which also featured the formal presentation of awards to three outstanding members of the 1950-1951 term.

Jerry King, president, directed the opening. Donna Alferia called the "Troupe No. 507 of the National Thespian society" to order. The aims and ideals of the national organization were explained by Dick Barnhart, vice president, and a complete history of the society from its beginning in 1929 was outlined by Eleanor Chima.

secretary. The treasurer, Ellen Kennedy, then gave an account of the outstanding events in the local troupe during the past year.

Twenty six members were presented "Thespian" awards by their faculty sponsor, Miss Marjorie Losetter, who also administered the pledge of membership to new members.

Symbolizing the seven phases of drama the following members lit a candle and each one described one phase: Marlene Garson, Rose Marie Toth, Rose Marie Piscatelli, Jack Wehman, Beverly Daubert, Jim Hawke and Frances Edwards. Concluding the initiation, Joyce Young, accompanied by Bob Streeter, at the piano, sang "The Lord's Prayer."

Awards were then presented to the outstanding Thespian, Jerry King; to the best actress, Donna Alferia, and to the best actor, Jim Hawke. It was noted that three members, Eleanor Chima, Jerry King and Jim Hawke, had compiled a total of 50 points during their Junior and Senior years, thus attaining the rank of "Honor Thespians." Jerry's selection as the outstanding Thespian has been disclosed to the national chapter, entitling him to a listing in the fall publication of "Dramatics" magazine.

The new officers installed were: Charlotte Johnson, president; Jean Sumner, vice president; Patty Aiken, secretary; Vivienne Bauder, treasurer, and Patty Morrow, scribe.

Miss Alice Ryan To Speak Sunday

Miss Alice Ryan, daughter of Rev. and Mrs. Clifford C. Ryan, missionaries to French West Africa, and natives of this city, will be speaking Sunday at 7:45 p. m. in the Alliance Gospel Tabernacle, 210 Pearson street.

Miss Ryan, a candidate for foreign mission service in French West Africa, will be speaking in the interest of her outfit which she must have before she proceeds to the mission field. The local young lady is a graduate of the Missionary Training Institute, Nyack, N. Y., and the Youngstown hospitals, where she trained for nursing duties, graduating as a registered nurse.

Born in Africa, Alice received her elementary training there and completed high school work in this country. During her stay in this district she is visiting with Mr. and Mrs. Joseph Masters and family of 1516 Thorpe street.

California Given 14 More Delegates For Convention

DENVER, May 26.—(INS)—California, which may also furnish a GOP presidential candidate, won the biggest increase in delegate votes today for the 1952 Democratic national convention.

The Golden State of Gov. Earl Warren, 1948 GOP vice presidential candidate, was awarded 68 votes—a whopping 14-vote boost—in the Democratic national committee's new apportionment of delegates.

California led a list of ten west and midwest states which were given increases.

The new apportionment in which powerful Pennsylvania and New York each lost four votes was made public as the Democrats picked Chicago for their presidential convention. Chairman William

M. Boyle, Jr., set the date for July 21, 1952—one week after the GOP convention adjourns in Chicago. Boyle wound up three days of party discussions in Denver with a prediction that the Democrats would win a "sweeping victory" in 1952.

Pomona Traveling Flora Program

Another in the series of Lawrence County Grange Traveling Flora programs will be presented by the East Brook grange at Big Beaver grange, New Galilee, on Monday, May 28, at 8:30 p. m. The programs are solely for the purpose of promoting good fellowship among the granges of Lawrence county.

Hemlock Trees Are Infested

Federal entomologists and a representative of the State Department of Agriculture have found an infestation of "hemlock-looper" among Lawrence County hemlock trees.

With Carl Leathers the entomologist is making a trip through the Slippery Rock Valley today and this morning found a heavy infestation in the lower part of the valley.

The government is conducting a study of how to combat the pest in order to preserve the hemlocks of the nation. The insect is known as "Athasaria" and in some districts has caused havoc among hemlocks.

Margaret Truman Sails For Europe

NEW YORK, May 26.—(INS)—An excited Margaret Truman sailed today for a two-months "meet the people" tour of Europe but definitely ruled out any singing on her vacation jaunt. The gracious blonde daughter of the president was accompanied by her mother's secretary, Miss Reathel Odum, and an unspici-

fied number of secret service agents on the U. S. Lines America. Margaret joshed with newsmen, rolled her eyes and said she was "so excited" over her first trip to London, Paris, Rome, Luxembourg, The Netherlands and Belgium. "Definitely no singing," she told reporters. "I just finished a long concert tour and will be glad not to do any singing for a long time. I want very much to visit the various countryside and meet the people."

At Tuesday noon's meeting of the New Castle Lions club, the speaker will be Cpl. Carmen Perrone, of Bessemer. Cpl. Perrone was in the thick of the fighting in Korea and has just recently returned home after some grueling experiences, which he will tell about in his talk.

R. F. Conway, Secretary.

SHELBYVILLE, Ind.—Wilbur Leon Taylor was fined for failing to grant the right of way to another automobile. The car he crowded off a highway belonged to Bob Huesman and Bob Heistand, deputy sheriffs.

Two Fires Occur At Bossert Plant

City firemen were called to the Bossert plant twice within the past 24 hours to extinguish fires of a minor nature, Fire Chief H. F. Steinbrink reports.

At 5:05 a. m., today, a rope used in tying a truck to the track came too near a furnace stack and caught fire, damage of around \$10 being reported.

At 4:20 p. m., Friday, a rubbish fire at the plant set fire to some scrap floor blocks. Seventh ward firemen had to lay a line of hose to extinguish the fire. The loss was negligible.

SUDBURY, Ont., May 26.—(INS)—The Ontario government today banned all travel in a wide northern area today and indicated that it may draft workers to fight 42 forest fires, many reported out of control.

The travel ban covers the entire Temiskaming and Cochrane districts. The largest fire is raging over 1,000 acres near Sault Ste. Marie. Heavy smoke blankets the area for miles, hampering fire fighters.

Have been in negotiations with management of the Shenango Valley Transportation Company for the past 60 days, and to date, have not received anywhere near a satisfactory wage adjustment.

Our present contract, which expires May 31, this year, granted us the equivalent of 2c per hour as a wage adjustment. This was granted to us as of June 1st, 1950.

The Shenango Valley Transportation Company petitioned the P. U. C. for a fare increase on its lines and it received in July, 1950, a fare increase of 25%.

At the present time, our operators are getting \$1.28 per hour, mechanics \$1.38 per hour. We are asking for a 10% increase across the board.

IS IT RIGHT FOR MANAGEMENT TO RECEIVE 25% AND THE EMPLOYEES ONLY 3%.

We are in hopes of getting a satisfactory adjustment of wages by the time our present contract expires on May 31, 1951.

EXECUTIVE COMMITTEE

ROLLAND J. FISHER
PRESIDENT

No Longer --- No Wider, Only Reasonable Adjustment

The merit of a cause can sometimes be determined by the noise of the opposition.

It's true in the case of the Robinson-Dent bill now before General Assembly.

Finding no real cause for honest criticism, opponents of the bill are throwing out baseless charges, unfounded statements, all colored to suit the minds of the opposition.

The bill will not add an inch to the length or width of trucks in Pennsylvania. It only permits trucks to haul a load which has been legal for twenty five years in safer equipment. It makes some slight adjustment in other sizes of trucks.

It puts teeth into an overweight penalty clause. It provides for improved equipment that will climb hills fast enough that passenger traffic will not stall.

In short it is a safe and sane, sensible truck bill that deserves the support of thinking people.

Indians Will Open Three-Game Series Here Sunday With Lockport

Will Be First Appearance For 'Locks' In New Castle

Elliotts-Hillsville Play For First Place In City Loop

Each Team Has Won Five And Lost One Game

The New Castle Indians will return from Lockport, N. Y., Sunday, to battle the Lockport team in the start of a three-game series here at Flaherty Memorial Field. Game time Sunday is 3 o'clock.

The Lockport "Locks" will be making their first appearance in New Castle, since becoming members of the Mid-Atlantic league this year. Managing the Lockport team is the veteran Billy Mongiello, who guided the destinies of the New Castle Nats two years ago here.

Lockport holds third place today by virtue of that whitewash job last night 3 to 0 at Lockport. The Indians and "Locks" are jockeying back and forth for third place in the league.

Bickel Will Pitch Sunday
Manager Al Milner has assigned the pitching job to young 18-year old Lee Bickel Sunday. Mongiello may counter with Ed Kalski, a former Class A Eastern league hurler with Albany.

The Lockport team will be here for a game Monday at 8:30 o'clock and a Tuesday game at 8 o'clock. It was announced by Business Manager Jack Lewis.

The Sunday game time was changed out of respect to the memorial services being held at the Croton Avenue War Memorial.

The Indians will be home for the next six days, meeting Rudy York's Youngstown team in a twin-bill here Memorial Day, the afternoon game at 2:30 and the night, game starting at 8 o'clock. The former Detroit Tiger star has been playing great ball for Youngstown, and only recently was appointed manager.

Wagner Times Indians
(Special To The News)
LOCKPORT, N. Y., May 26.—The Locks squared the three-game series with the Indians last night as Frank Wagner, making his first start for the locals, cooled those red-hot New Castle bats on five hits and blanked them, 3 to 0. Rossman was the loser but hurled a steady seven-hitter.

Some spectacular defense play by shortstop Jackie Randall saved the shutout and possibly the game, as the Indians had the sacks loaded with none out in the seventh when two brilliant plays in a row retired the side. Here's what happened: Horne opened the frame with a triple to deep center. Ben Rossman who twirled admirable ball for the Indians walked, and

so did Bilo loading them up with none away. Green shot a liner on the ground which Randall fielded and fired to the plate nailing Horne. Seconds later Kowalski batted a grounder out over second but Randall fielded the ball, touched second and fired to first for the double play.

The Locks scored their first run in the third on a walk, two infield errors and a fly. They gave Wagner a little insurance with another in the seventh on a walk and hits by Mongiello and Wait Chippie. And they made it 3-0 in the eighth on a single, a sacrifice and Reeves' hit to center.

Each Team Has Won Five And Lost One Game
Four Other Games In City Circuit Sunday Afternoon

Baseball fans will journey to Mahoningtown Sunday afternoon to see a critical game—Elliotts vs. Hillsville, both being deadlocked for first place in the City Circuit, and one or the other will top the loop Monday. Each has captured five games and dropped one.

Monk Rainey, who has a 3-0 pitching record this season, may go to the mound for Elliotts. Hillsville will use either Tarato, Kapsista, Deliso or Puzolo on the hill. Tarato hurled Thursday but by Sunday will have had several days rest.

West Pittsburg is the only team which has combed Hillsville this year, the score being 5-1. Wampum beat Elliotts 5-4.

Umpires Conti and Rotunno have been assigned to officiate.

Standing to Change
With two clubs—Indies and Universals—deadlocked with four wins and two losses, there is apt to be a change in the complexion of their standing. Likewise Bessemer, Fees, Wampum and West Pittsburg, each having captured two while dropping three games.

Croton intends to edge out Fees if such is possible, while the Lawrence Indies, 1950 champions will play Wampum. They are ahead of Wampum in the standing. West Pittsburg and Universals clash, while DeCarbos hope to annex their first win of the season and defeat Bessemer.

Next week's schedule of games and umpire assignments for the City League follow:

Sunday, May 27
Croton vs. Fees, Panella and Irwin. Wampum vs. Lawrence Indies, Adams and Adams.

Tuesday, May 29
DeCarbos vs. Wampum, Coppel and Orlando. Universal vs. Lawrence Indies, T. Conti and Conti.

Thursday, May 31
Lawrence Indies vs. West Pittsburg, Cardella and Tropea. DeCarbo vs. Universal, Panella and Irwin.

Friday, June 1
Fees vs. Bessemer, Adams and Adams. Hillsville vs. Wampum, Griffith and Price. Croton vs. Elliotts, Price and Morella.

Carter Wins Title By TKO Over Ike Williams In 14th

By CHARLES EINSTEIN
(N. Y. Sports Writer)

NEW YORK, May 26.—Everybody said it was a mistake to put an obscure ex-grocery clerk in the same ring with lightweight champ Ike Williams, and baby, were they right! Meet Mr. Carter, the new champion of the world.

From Aiken, S. C., to aching Ike Williams is the saga of the 27-year-old Carter who last night at Madison Square Garden became one of the most startling winners in boxing memory with his 14th round technical kayo of the clever champion.

Very Small House
In a way, the bout defies description. You had to be there, and almost nobody was. The crowd of 3,549 (including the referee) was a new championship-fight low, and Williams' cut of the gate of \$13,260 will hardly pay for the abuse the champ put himself in order not to forfeit his title on the scales.

"It was the weight," moaned Williams, whose pants had dusted the canvas four times before referee Pete Scalzo finally stopped the bout. "I was all dried out."

Won Title In 1947
Williams won the world lightweight crown on Aug. 4, 1947, and this was his sixth defense. In 137 fights before last night, he had been stopped only twice.

Carter becomes the fourth champion for his manager, Willie Ketchum, who also handled lightweight king Len Jenkins, trained middleweight titlist Solly Krieger, and managed the late middleweight champ Marcel Cerdan. A lean, deceptive-punching fellow who lives in New York, Carter had won 45 of his previous 62 bouts since turning professional in 1946.

White Sox Win Eighth In Row; Dodgers, Giants, Pirates Win

By HOWARD SIDMANT
(N. Y. Sports Writer)

NEW YORK, May 26.—The new White Sox are running the rest of the American league batty today with their eight-game winning streak.

Eddie Robinson had his eighth homer and Phil Masi his first in support of southpaw Billy Pierce at Cleveland last night as the White Sox handed Bob Lemon his fourth straight defeat, 6 to 4, for Pierce's fifth win.

At New York, Lopat finally gave way to a relief pitcher, Allie Reynolds coming on in the eighth to quell a Philadelphia Athletics rally as the Yanks won out, 7 to 5.

The Red Sox, meanwhile, are beginning to make their presence felt. Their first home night game last evening resulted in a 19-hit Sox barrage that provided Chuck Stobbs with his fourth victory, a 14 to 2 score over the Washington Senators.

It did the fourth-place Detroit Tigers no good at all to lose to the tail-end St. Louis Browns in their night game. This the Tigers did, 4 to 3.

Speaking of streaks, Preacher Roe bagged his sixth straight and the National league's pacesetter Brooklyn Dodgers won their fifth straight by squeezing past the Boston Braves, 4 to 3.

The New York Giants thumped out a total of 12 hits and scored five times in the eighth inning to take an 8 to 5 decision from the Philadelphia Phils.

And at Chicago, the Pittsburgh Pirates finally got some pitching. Little Murray Dickson turned in a five-hitter, and with George Metkovich driving in five runs on a homer, double and two singles, the Bucs crushed the Cubs, 10 to 1.

Dartmouth Records Disclose Old Rules

HANOVER, N. H.—(INS)—Dartmouth college, a staid old New England institution with famous alumni throughout the world, once made its students furnish their own knives, forks, cups, spoons, bowls and other eating utensils.

A glance at Dartmouth's historical records disclosed this law was drawn up by the board of trustees in 1775. Another law passed the same year forbade Dartmouth students from frequenting "public houses."

Tuition charges in 1779 were fixed at 20 shillings a quarter or, in modern terms, about \$13.22 a year. Room rental amounted to a mere \$5 to \$8 for the college year.

Tuition in 1951 reached \$650 annually and room rentals ranged from \$120 to \$320 per year.

In 1788, one Samuel Hidden, on entering Dartmouth as a student, brought along a cow so he might have fresh milk during his stay. Although Dartmouth students pride themselves on being rugged, they would have to go a long way to keep abreast of undergraduates a century ago. In 1834, a group of students, angry at one of their instructors, loaded a large cannon and fired it under his window. The blast jarred all the houses in town and broke more than 300 panes of glass.

In 1796, requirements for admission to Dartmouth included the passing of examinations on Virgil, Cicero's select orations, the Greek Testament, and "the fundamental rules of arithmetic." The prospective student also had to be capable of translating accurately from English into Latin.

EGG USE

NEW YORK—If you'd like to spend less time in the kitchen these lovely spring days, make use of eggs. Tender, tasty omelettes and scrambled eggs make excellent lunch and supper dishes in a jiffy. They also can help ease the food budget in these days of high meat prices. Two eggs can be used instead of a serving of meat, for equivalent protein value.

Carl W. Haufler Is Candidate

Seeks Democratic Nomination For Mayor

CARL W. HAUFLE

To the Voters of New Castle:

Upon the request of many of my friends I am announcing my candidacy for Mayor of New Castle at the Democratic Primaries.

Four years ago I was nominated for this office and by a very small margin was defeated in the general election. My friends insist that I will be successful in this coming primary. I was born and raised in New Castle, am 54 years of age, married and have a wife and two children.

At present I am employed by the Pennsylvania Railroad and have been in the train service for the past 32 years.

I wish to bring this matter to the attention of the voters of New Castle that I am in no way connected with any clique or cliques of political groups.

I believe that the voters have the right to choose their own candidate at the primaries, one who will stand on his own feet and devote his entire time to the office of Mayor, giving this community the utmost in his ability to fulfill the duties of this important office.

I will guarantee to give the office of Mayor my sole and only work. If you honor me with the election I will give the taxpayers of New Castle the efficient, faithful and competent service that is required in this important office.

Very truly yours, CARL W. HAUFLE (Political Advertisement)

Bethlehem Steel Fires Three C.I.O. Union Leaders

JOHNSTOWN, Pa., May 26.—(INS)—Bethlehem Steel company today fired three CIO-United Steelworkers union leaders and charged them with violation of the contract which the company has with the union at its Johnstown works.

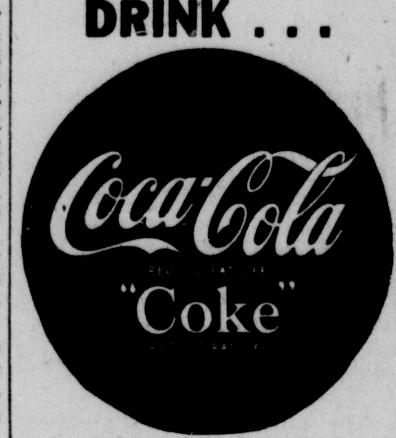

Their dismissal followed a suspension leveled by the company during a series of flash strikes over grievances. About 5,000 men have participated in the walkouts during the last two weeks.

The union leaders are Richard Troxell, grievance committeeman for local 2634; Roy Yingling and Carl Goetz, both employees in the firm's Franklin mill.

Bethlehem has not yet decided the status of George Oswald, president of Lower Cambria local 2644. Oswald, too, was suspended. Each of the four was charged with encouraging or sanctioning strikes which interfered with work or production.

Eighty employees in the fabricating plant are on a one-week suspension for taking part in what the company called a wildcat walkout.

Probe Death Of Mrs. Ashe

Coroner's Jury Hears Witnesses

After hearing the testimony of witnesses as to the cause and manner of the death of Mrs. Jessie Ashe, of 216 Mahoning avenue, who was found dead at the home of Mrs. Mary Robinson, where she roomed on May 14, a coroner's jury brought in a verdict that Mrs. Ashe died of a beating, presumably at the hands of Richard Watkins. The inquest before Coroner Charles E. Allen was held in the courtroom of Alderman James C. Brice of the First Ward.

Dr. William E. Goodpastor, pathologist at the Jameson Memorial hospital, testified that Mrs. Ashe had died of a ruptured liver, which was discovered in an autopsy performed at the Jameson Memorial hospital. She also had three broken ribs on the right side, and numerous contusions and abrasions about her head and body. These could have been received in a beating, he testified.

Dr. W. A. Womer, city physician, testified he was called to deter-

mine whether Mrs. Ashe was dead, after police had found her lifeless body in a downstairs room at 216 Mahoning avenue. He stated that she was dead when he examined her body and described injuries she had received.

Mrs. Vivian Mays and Mrs. Ella Hawkins, of 903 Moravia street, told of being called to the Robinson home, and finding the body of Mrs. Ashe, who is Mrs. May's mother, and had been told that she had been beaten by Richard Watkins.

Officer Albert Russo, Lt. Thomas J. Jones, and Capt. Willis G. McMullen, told of going to the scene, and Russo told of arresting Watkins, who admitted beating Mrs. Ashe in an argument over \$2. Capt. McMullen also testified that Watkins admitted beating Mrs. Ashe.

The jury, which heard the evidence, was composed of: A. H. Lewis, Karl H. Chandler, Mark Butler, John Jones, D. E. Smith, and Norman F. Richeal.
